

Earth United [Jesse Perez Casanova] & A Warrior Calls [Christopher James] have spent the last 5 – 6 months working on a solution rooted within the realm of common law that has the ability to finally free all of us on this planet from the unlawful and fraudulent social contracts that have been unlawfully forced upon us at birth.

The solution lies within our god given right to stand outside of government jurisdiction [International maritime admiralty law / law of the sea] and rather within our own jurisdiction within the law of the land within public court proceedings that are scheduled to take place all over the world.

This major truth and light that has been hidden from us allows us to finally free ourselves from unlawful government [service corporations] slavery that has taken place on this planet due to mass global ignorance that has been aided and guided by powers that be.

We have spent the last four months working on an application as well as a strong communication campaign that starts with the release of our first video 'The Ultimate Red Pill'. We have created three extremely powerful communication pieces that will bring awareness to this one and only solution that exists outside of government jurisdiction. Our third video is an interview that we conducted with Judy Mikovits in order to assist her within the beautiful realm of common law, this in itself is monumental as it will allow her as well as all of us to acquire the justice that is owed to us.

The application that we have created will automatically connect people into three different chat groups which are relevant to the three following categories: Town, City, Country. This will allow people on the ground to stay directly connected towards fellow freedom fighters that are supporting this mass global action as well as provide safety and power in numbers. This is monumental because it allows the world to finally connect and strive towards one almighty solution that is of biblical proportion. The application will also allow us to have direct streamlined communication to everyone as work works towards achieving our target numbers of peoples support before the commencement of these prolific public court proceedings that are scheduled to take place.

This one and only solution we are proposing unfortunately has a time limit as The World Economic Forum is scheduled to have an extremely detrimental event in January 2021 which they are planning to use in order to collapse all jurisdiction and consolidate a new world order along with the Global Reset that they are planning to implement next year with the support and collaboration of political and business leaders within 4000 cities across the world. This is why Covid has taken place this year in order to make way for the next phase of their plan and strategy that has been in the making for countless years up until this point. The successful implementation of their plans will essential completely remove the little rights people have as they plan to bring about universal basic income as well as the unlawful acquirement of everyone's land and assets globally. This is why we have to act now with a solution that

actually works but in order for us to be successful it requires the support of all those conscious enough to see the impending danger that we face on a global level.

The following bullet points are from an article written on The World Economic Forums website which can be found here - <https://www.weforum.org/press/2020/06/the-great-reset-a-unique-twin-summit-to-begin-2021>

- The Great Reset” will be the theme of a unique twin summit in January 2021, convened by the World Economic Forum.
- “The Great Reset” is a commitment to jointly and urgently build the foundations of our economic and social system for a more fair, sustainable and resilient future.
- It requires a new social contract centred on human dignity, social justice and where societal progress does not fall behind economic development.
- The global health crisis has laid bare longstanding ruptures in our economies and societies, and created a social crisis that urgently requires decent, meaningful jobs.
- The twin summit will be both in-person and virtual, connecting key global governmental and business leaders in Davos with a global multistakeholder network in 400 cities around the world for a forward-oriented dialogue driven by the younger generation.
- The announcement of the Great Reset is made by HRH The Prince of Wales and Klaus Schwab during a virtual meeting today at 14:30 Central European Summer Time and can be followed [here](#)

On Sept 12 2020 a powerful 'common law court' [Sekulovski Court] was established in Canada. This one action insures by design massive fraud is exposed against we the people in Canada and worldwide. This also insures the solution the world is seeking right now is brought into the light.

The ONE truth communicated to the world is ...'rules of civil procedure' created by a private society called the BAR do NOT apply to we the people. These rules which do not apply to we the people are used to block/obstruct justice against the people... and it is about to come to an end.

November 6th 2020 strategically is the final blow to the BAR and its agents operating/obstruction justice at our public courthouses. With the world watching these people who are all employees of the people must respond with evidence verifiable and in writing. One problem for them...there is no evidence and the BAR is about to be exposed for all its corruption and Barratry occurring. This moment of truth is under attack by BAR members as it is brought out now and into the light for the world to see.

The people acting as Governor General of CANADA and Lt Governor of ONTARIO along with every Justices across Canada/world are now exposed. Once 'rules of civil procedure' are known...exposed... and removed from blocking we the people...

This intend for the same approach to be applied globally as we have spent the last couple of months putting in place common law specialists across the world in order to lead these claims and public court proceedings.

It is in that moment that truth hidden for over a hundred years will then be brought forth and take down this corruption all around us today simply and powerfully. To win. all we require to do is show the world and let the truth take care of the rest.

Please join us in securing our freedom and finally putting an end towards this unprecedented global enslavement that has taken place on this planet for far too long.

Please download our application and help us secure a major victory in the consolidation of people power across the planet that will all be unified and guided in our actions towards these global public court proceedings.
